

Capability Statement

★ Built on Better Planning.

COMPANY OVERVIEW

Founded in 2006, Georgia Civil is a multidisciplinary consulting firm providing land planning, land surveying, and civil engineering services throughout Georgia. From our headquarters in Madison, Georgia, we partner with municipalities, counties, educational institutions, developers, and private organizations to deliver practical, buildable solutions. Every site is optimized during the planning stage — so the final design maximizes the potential of every lot on the development. That is what it means to be Built on Better Planning.

CORE COMPETENCIES

LAND PLANNING	CIVIL ENGINEERING	LAND SURVEYING
Master Planning Site Feasibility Due Diligence Site Optimization Lot Yield Maximization	Site Development Grading & Drainage Stormwater & Utilities Roadways & Permitting Construction Administration	Boundary & Topographic ALTA/NSPS Surveys Construction Staking GNSS/GPS & LiDAR UAV Mapping & As-Builts

WHAT SETS GEORGIA CIVIL APART

Engineering-led planning that tests every decision against real-world constraints before design is locked.

Direct principal involvement from day one for timely decisions and clear communication.

Sites optimized during the planning stage to maximize the developable potential of every lot.

Advanced technology: LiDAR, GNSS, UAV mapping, and SITEOPS earthwork modeling.

ADVANCED TECHNOLOGY & SITE OPTIMIZATION

LiDAR	GNSS / GPS	UAV Mapping	SITEOPS Modeling	CAD & GIS	3D Terrain
Every site is analyzed and optimized during the planning stage, before design is locked. By modeling grading, drainage, and earthwork early, Georgia Civil maximizes the developable potential of every lot — reducing surprises, controlling costs, and delivering a clearer path to construction. That is Better Planning.

Madison, GA

SERVICE AREA

North & Central GA

APPROACH

Planning-Led

REPRESENTATIVE EXPERIENCE

Adairsville Logistics Center

ALTA/NSPS land title survey supporting commercial due diligence for an Ashley Capital industrial acquisition in Bartow County.

Adairsville, GA

Bana 85 Industrial Development

Integrated grading, utilities & roadway design for a 700+ acre industrial development.

Commerce, GA

Prowell Park

Master plan refinement balancing drainage, buffering & future growth for a ~300-acre public recreation facility.

Sharpsburg, GA

Morgan County Recreation Park

Phased infrastructure strategy supporting present and future community recreation needs.

Madison, GA

RL Cousins Community Center

Community facility site development and civil engineering.

Madison, GA

Putnam County Elementary School

2025 Outstanding Design Award — American School & University. Construction staking for award-winning K-12 facility by Breaux and Associates Architects.

Eatonton, GA
