

CAPABILITIES STATEMENT

★ *Built on Better Planning.*

COMPANY OVERVIEW

Founded in 2006, Georgia Civil is a multidisciplinary consulting firm providing land planning, land surveying, and civil engineering services throughout Georgia. From our headquarters in Madison, Georgia, we partner with municipalities, counties, educational institutions, developers, and private organizations to deliver practical, buildable solutions. Every site is optimized during the planning stage — so the final design maximizes the potential of every lot on the development. That is what it means to be Built on Better Planning.

CORE COMPETENCIES

LAND PLANNING

- Master Planning
- Site Feasibility
- Due Diligence
- Site Optimization
- Lot Yield Maximization

CIVIL ENGINEERING

- Site Development
- Grading & Drainage
- Stormwater & Utilities
- Roadways & Permitting
- Construction Administration

LAND SURVEYING

- Boundary & Topographic
- ALTA/NSPS Surveys
- Construction Staking
- GNSS/GPS & LiDAR
- UAV Mapping & As-Builts

WHAT SETS GEORGIA CIVIL APART

- Engineering-led planning that tests every decision against real-world constraints before design is locked.
- Direct principal involvement from day one for timely decisions and clear communication.
- Sites optimized during the planning stage to maximize the developable potential of every lot.
- Advanced technology: LiDAR, GNSS, UAV mapping, and SITEOPS earthwork modeling.

ADVANCED TECHNOLOGY & SITE OPTIMIZATION

LiDAR

GNSS / GPS

UAV Mapping

SITEOPS Modeling

CAD & GIS

3D Terrain

Every site is analyzed and optimized during the planning stage, before design is locked. By modeling grading, drainage, and earthwork early, Georgia Civil maximizes the developable potential of every lot — reducing surprises, controlling costs, and delivering a clearer path to construction. That is Better Planning.

FOUNDED
2006

HEADQUARTERS
Madison, GA

SERVICE AREA
NE & Central GA

APPROACH
Planning-Led

REPRESENTATIVE EXPERIENCE

Bana 85 Industrial Development

Integrated grading, utilities & roadway design for an industrial site.

Prowell Park

Master plan refinement balancing drainage, buffering & future growth.

Morgan County Park

Phased infrastructure strategy supporting present and future needs.

RL Cousins Community Center

Community facility site development and civil engineering.

Putnam County Middle School

Educational facility planning, surveying & engineering support.

MARKETS SERVED

Municipalities

Counties

Parks & Recreation

Educational Facilities

Industrial

Commercial

Residential

Public Infrastructure

GEOGRAPHIC EXPERIENCE

Experience serving Newton, Putnam, Greene, Morgan, Walton, and surrounding counties across Northeast and Central Georgia — with the local familiarity to navigate zoning, permitting, and site constraints with clarity.

THE BETTER PLANNING PROCESS

FEASIBILITY

PLANNING & OPTIMIZATION

ENGINEERING

CONSTRUCTION-READY

Optimized in planning. Maximized at build. Built on Better Planning.

★ Built on Better Planning.

Every lot optimized. Every site maximized.
